Throughout Putnam county, this week, meetings have been held for the purpose of organizing by neighborhoods to carry on various activities connected with the defense work, the area being thus minutely subdivided in recognition of the restrictions now coming into effect on tire use and gasoline consumption, it being assumed there will come a time when automobile use will be impossible. In the townships, the number of neighborhoods varies.

David L. Grimes, county farm agent, is county director of this movement, and in each township there is a township leader, and in each neighborhood there are two leaders, the leaders having a varying number of helpers.

## The DePauw To Have Bond Drive

COLLEGE NEWSPAPER HOPES  
TO SELL \$4500 IN BONDS  
NEXT WEEK

As the most significant project in its entire history, THE DEPAUW will launch a campaign next Monday to raise \$4500.00 for the United States war effort. It is the intention of the drive to induce each student of DePauw to buy at least one ten-cent war stamp each week.

War stamp booths will be placed at various spots on the campus to make the buying of stamps convenient to the students. These booths will open at 9:50 Monday morning, and they will be open for business during chapel time and at 4:15 p. m. every day thereafter.

Members of THE DEPAUW staff and other volunteer workers will be in charge of stamp sales at the various booths. A general meeting of all those interested in helping in the drive will be held tomorrow morning at 10:30 in the Publications Building.

Glenn Thomas, general chairman of the campaign, explained that the drive was not intended to drain the students of their spending money, but rather, it was planned for those who are willing to sacrifice a little each week to help the United States to come out on top in this war.

"Surely everyone at DePauw can give up a couple of cokes, a few cigarettes, or a soda for the sake of his country. If America doesn't mean that much to us, we might as well throw in the towel now," asserted Thomas.

Harold Duda, president of the student body, stated in a chapel talk this morning that the DePauw Student Governing Board stands firmly behind the campaign, and that group will give whatever assistance it can

## War Training Classes Open

EXPERIENCE TO BE OBTAINED  
MEANS BETTER JOB FOR  
WORKMEN

The Purdue War Training classes are taking on a new emphasis this year. These classes are not "educational" classes but "War Training" classes. Persons are asked not to enroll for the "experience" but in order to do their job better, or fit some place in the War Program. Many of the large industrial plants are asking their employees the question: "What are you doing away from your job, toward the war effort?"

Courses will be offered in the following subjects, if as many as fifteen register: Fundamentals of Electrical and Radio Engineering; Engineering Drawing; Production Methods; Time and Motion Study; Production Engineering; Industrial Safety; Precision Instruments in the Machine Industry; Elementary Production Metallurgy and Engineering Mathematics.

These courses are all on a college level with high school graduation or equivalent industrial experience required for entrance. A great many women in Greencastle and Putnam county should enroll in these classes. Many men who are now employed at Indianapolis factories should try for better jobs by taking more training. Industry recognizes two qualities in an employee—training and experience.

Harold Stewart, industrial arts teacher at the high school, who is local administrator for this program states there will probably be three classes organized. Many have already registered with him and others, who are interested in this training, should contact Mr. Stewart at the high school. The organization meeting will be held Wednesday, Sept. 23, at 7:00 p. m.

## MANY STORES WILL CLOSE FOR BIG AUCTION

At a meeting of merchants held Friday afternoon, it was agreed that all stores should be closed next Friday afternoon, September 25, at three o'clock to allow the personnel of the stores the opportunity of attending the biggest auction Putnam county will ever have.

Stores that normally remain open evenings, will be open at six o'clock as usual for the rest of the evening.

## COUNCIL TO MEET

The city council will meet in regular session Monday evening at 7:30 o'clock.

## KEY JAP BASES HEAVILY RAIDED BY U. S. PLANES

FLYING FORTRESSES AND  
FIGHTER PLANES STEP UP  
AERIAL OFFENSIVE

### HUGE FIRES LEFT BURNING

Rabaul, Lae And Salamaua Are Targets Of Gen. Douglas MacArthur's Air Units

GEN. MARTIN'S HEADQUARTERS, Australia, Sept. 19.—(UP)—Gen. Douglas MacArthur's heavy bombers and fighter planes have made raids on three key Japanese bases in the northeast Australian war zone continuing an offensive of unprecedented scale, it was announced today.

Flying Fortresses attacked Japanese installations and supply dumps at Rabaul, in New Britain Island, and started fires visible for 50 miles. Another force of Fortresses heavily raided bases at Lae and Salamaua and left many fires burning among buildings and supply depots.

At Buna enemy supply lines were strafed by the fighter planes. "Transport and installations were damaged," the report said, adding: "A reconnaissance unit reported twenty-seven burned barges on the beach as a result of the previous day's attack."

The communique did not indicate the exact location of the limited ground activity, but an earlier statement had placed the Japanese in the neighborhood of Ioribaiva, a hamlet on the southern slope of the Owen Stanley Mountains.

That apparently marked the high point of the enemy's advance to date. The previous day's communique likewise had spoken only of "sporadic fighting," although reports earlier in the week told of a clash between the main forces on both sides in the same general area.

Hence, the Japanese appeared to have been stopped, at least temporarily.

## Nazis Execute 14 Inside Reich

KILLINGS AT KARLSRUHE ADD  
TO 116 IN PARIS, SCORE ELSE-  
WHERE IN EUROPE

LONDON, Sept. 19.—The execution of 155 more persons by the Nazis including 116 in Paris for attacks on German troops was disclosed today.

Those put to death in Paris were described as "Communist terrorists," a customary designation for persons who violate Nazi rules.

They were charged with attacks on German occupation troops and with being "in the pay of Britain." Gen. Otto von Steupnagel, Nazi commander of the city, said the executions were "reprisals."

Twenty were hostages shot to death in the Croat village of Dugoselo in reprisal for the ambush slaying of two German soldiers, Yugoslav sources said.

The deaths of the other nineteen were reported from Bern, Switzerland. Fourteen of them took place in Germany.

The Paris executions were announced in an amended version, issued by the Vichy News Agency, of a German proclamation ordering all theaters, movies and other places of amusement in Paris closed Saturday and Sunday "because attempts against the German Army have multiplied recently."

## COMMENTS

Frank Jarrell  
County School Superintendent

"The children of the county schools are looking forward to Do Your Part Day in Greencastle on September 25th. This should be a red letter day for Putnam County."

## GOES TO NAVY

Fred Snively

Mr. Snively will leave Sunday for the Great Lakes Naval Training Station, where he will spend about six weeks in training work, prior to an assignment, probably in recruiting work.

He completed 20 years work at the J. F. Cannon Store this fall, as he came to DePauw in 1922 from Columbus, and while attending the university for three years, also spent extra time and Saturday in the store, and after leaving the University, devoted all his time to work in the store. During that time he was also elected and served the city as clerk for a period of four years.

## Autumn's Coming Not Yet Evident

SUMMER AND AUTUMN CLOTHES  
WORN BY PEOPLE ON  
THE STREETS

There is but little in present weather conditions to indicate Autumn is only a few days away, to be accompanied it may be assumed by noticeable cooling of the atmosphere, and greater prevalence of rainstorms.

Recent days have been so warm that the daily down-town parade of clothing and head-gear has been a curious display of mixed Summer and Autumn styles, straw hats and summer trousers appearing on men mingling with men wearing "year-round" suits and felt hats, and many of the ladies appear in war-weather dresses and many others are in Autumn styles. The most comfortable ones of them all appear to be those attired for warm weather. Summer slacks are yet a favorite garb for informal wear down town.

Corn is rapidly maturing, even with no frost to hasten the curing process.

One agency in the city which keeps a record of weather conditions, and has done so through years, reports that the average killing frost in this area through a period of many years has been near Sept. 23. Katydids are popularly supposed to announce the date of the first frost but like all prophets they have their off-days in prophesying. This year, the date of the coming of the first of these insects was very uncertain and, as a result, it was difficult to determine just when frost would come, using their advent as the indication.

## Good Will Banquet To Be September 29

CHAMBER OF COMMERCE WILL  
ENTERTAIN UNIVERSITY  
FRATERNITY HEADS

The Greencastle Chamber of Commerce will hold its "Goodwill" banquet for DePauw university leaders and businessmen of Greencastle on September 29 in Gobin Memorial church.

The purpose of the banquet is to bring the university and the people of Greencastle into a closer relationship. Members of the DePauw administration will be present, along with members of the Chamber of Commerce, who are sponsoring the affair, and leaders of the fraternities, sororities, publications and student organizations of DePauw university. Sam Hanna, a leader in Greencastle business, will be in charge of the program and Mr. Arch McGowen who is director of the University band, will provide the music.

The banquet is an annual affair and was begun several years ago by the business men of DePauw. According to members of the DePauw administration it has been instrumental in bringing the university and the community closer together.

## SITUATION IS VERY SERIOUS AT STALINGRAD

FIGHTING NOW IS FOR THE  
CITY ITSELF, SAY RED  
DISPATCHES

### REDS RECAPTURE HILL

Germans Push Forward Despite Tremendous Loss Of Life And War Equipment

MOSCOW, Sept. 19 (UP)—The Russians have recaptured an important hill in Stalingrad's north-west suburbs. Front line dispatches, however, said today that the situation was more acute than ever and that fighting now was for the city itself.

Reports from the tortured industrial city on the Volga river told of house-to-house close combat fighting while hundreds of Nazi cannon and airplanes hurled explosives into the Russian army positions.

Red Army reinforcements from Siberia were now in action against the Nazis.

These Siberian troops are believed participating in an ever-increasing Russian counter-offensive at Voronezh in an attempt to relieve pressure on the Volga citadel.

Dispatches received here carry this morning said 2,800 Germans had been killed or captured in the Voronezh sector in three engagements and that day and night fighting was raging there.

## By Ilya Ehrenburg

MOSCOW, Sept. 19.—The brash self-assurance of Nazi soldiers who marched against the Red Army fifteen months ago is breaking down in the muck of Russia where the "days are cloudy as nights" and the country is a "green hell."

Those quotations are from letters found on dead German soldiers. I have read 2,000 of them and most tell the same story. Only one in twenty-five expresses optimism.

"We are living in wine fumes," wrote one soldier who since has fallen before Soviet guns, "because one can endure such muck only when dead drunk."

"I can't write clearly," another wrote. "We are in a country that is a damned green hell. Hundreds of thousands of our men have been killed and my nerves are on edge. I suffer from tics and spasms. I try to pray but my teeth chatter."

I recall that in 1917 the German army held several European countries and was advancing successfully on several fronts. Later we discovered from the novel of Erich Remarque and various memoirs that the Germans even then were already beaten.

I wonder if the same is not true today as Germans die like ants before Stalingrad.

Hundreds of the letters contained complaint about casualties.

"Two companies have been wiped out and the rest have only sixty or seventy men left," a Nazi soldier wrote. "Our troops are asking how things are going with other units. Goebbels tries to reassure us that casualties are insignificant. But we have other sources of information—letters from relatives and friends."

Some of the letters were addressed to the soldiers from home. They revealed the same story of war weariness and gloom on the home front.

One said that all the hospitals in Vienna are overcrowded with the wounded from Russia and the editor of the Jena Zeitung wrote a soldier

friend that soon not a family in Germany would be unaffected by casualties on the eastern front.

Letters from wives and mothers, especially in western Germany, do not cheer the Nazi troops for their tell of fearful destruction and deaths in air raids.

"It is with dread that one goes to bed," one letter said. "We aren't any better off than you. The Tommies visited Augsburg in broad daylight and succeeded in damaging the factories. At night the accursed English don't let us sleep. They want to destroy Wurtemberg."

Comradeship no longer exists in the German army, soldiers' letters reveal. The Germans despise the Austrians and call them "laced boots." The Prussians hate the Bavarians and call them scoundrels and cowards. Officers steal from soldiers and soldiers steal from each other. Their letters reveal all this and more.

## 1,600 HOMING PIGEONS RELEASED HERE TO-DAY

The release of 1,600 homing pigeons at the Big Four railroad station at 8 o'clock this morning was watched with the usual interest by a small crowd of persons, most of whom have watched previous releases. The birds were sent here in a private express car, accompanied by a man representing six sportsmen's clubs of Cleveland, Ohio, whose members own the birds and match them against one another in their race home from the point where they are released. Additional interest is given the contests now, from the fact that the government drafts the best of the pigeons to serve as messengers between units and individuals of the armed forces of the United States who are in advanced positions in military service, and their home bases.
